Subject: review of IUC charges requested.

Respected Sir,
We request your attention over the scheduled review of IUC
Charges.

The new charges to be unfair and discriminatory, we hope that the same
should be reviewed before being implemented in favour of public welfare.

We believe that in past years the growing competition between operators had
made TRAI to lower costs and hence give more benefits to the customers.
If there is any roll back on the IUC, then it will put undue burden of increased
costs over the customers and hence we request a review over it.

Thanking you,
Truly Yours,
Kazi karyalaya
