Subject: Request for termination of IUC Charges.

Respected Sir

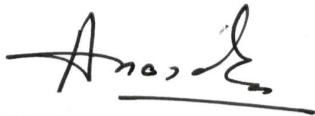

We would like to thank TRAI for spearheading Indian Telecom Industry to new heights and the benefits extended to the customers in that last decade which has revolutionized telecom sector.

With due respect we would like to express our concerns on the move to extend Inter Connect Usage Charges (IUC) applicability which will result in extra burden to customers.

With 5G-the further technology which will derive the industry and provide more unimaginable experience to customers, will at the end be delayed by this move. Hence, it is humbly requested to please review your decision and abolish the IUC charges.

Yours Sincerely

International Public School
